Re: WKEL (FM), Webster, NY
Educational Media Foundation
Facility Identification Number: 20953
Special Temporary Authority
BESTA-20150918ABS

Dear EMF:

This is in reference to the request filed September 18, 2015, on behalf of Educational Media Foundation ("EMF"). EMF requests an extension of the March 24, 2015 special temporary authority ("STA") for continued operation with the station's licensed power, but with corrected coordinates and antenna heights from the values specified on the station license BLED-19880721KC. EMF has been granted construction permit BPED-20150310ADH (granted March 16, 2015) for the corrected tower site and directional operation. Construction has been underway but technical difficulties have delayed full implementation of WKEL's construction permit.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for extended Special Temporary Authority is GRANTED. WKEL may continue to operate with the parameters specified in STA request BSTA-20150309AEX. EMF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **March 28, 2016**.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.
